

# Important information

## Please respect our animals

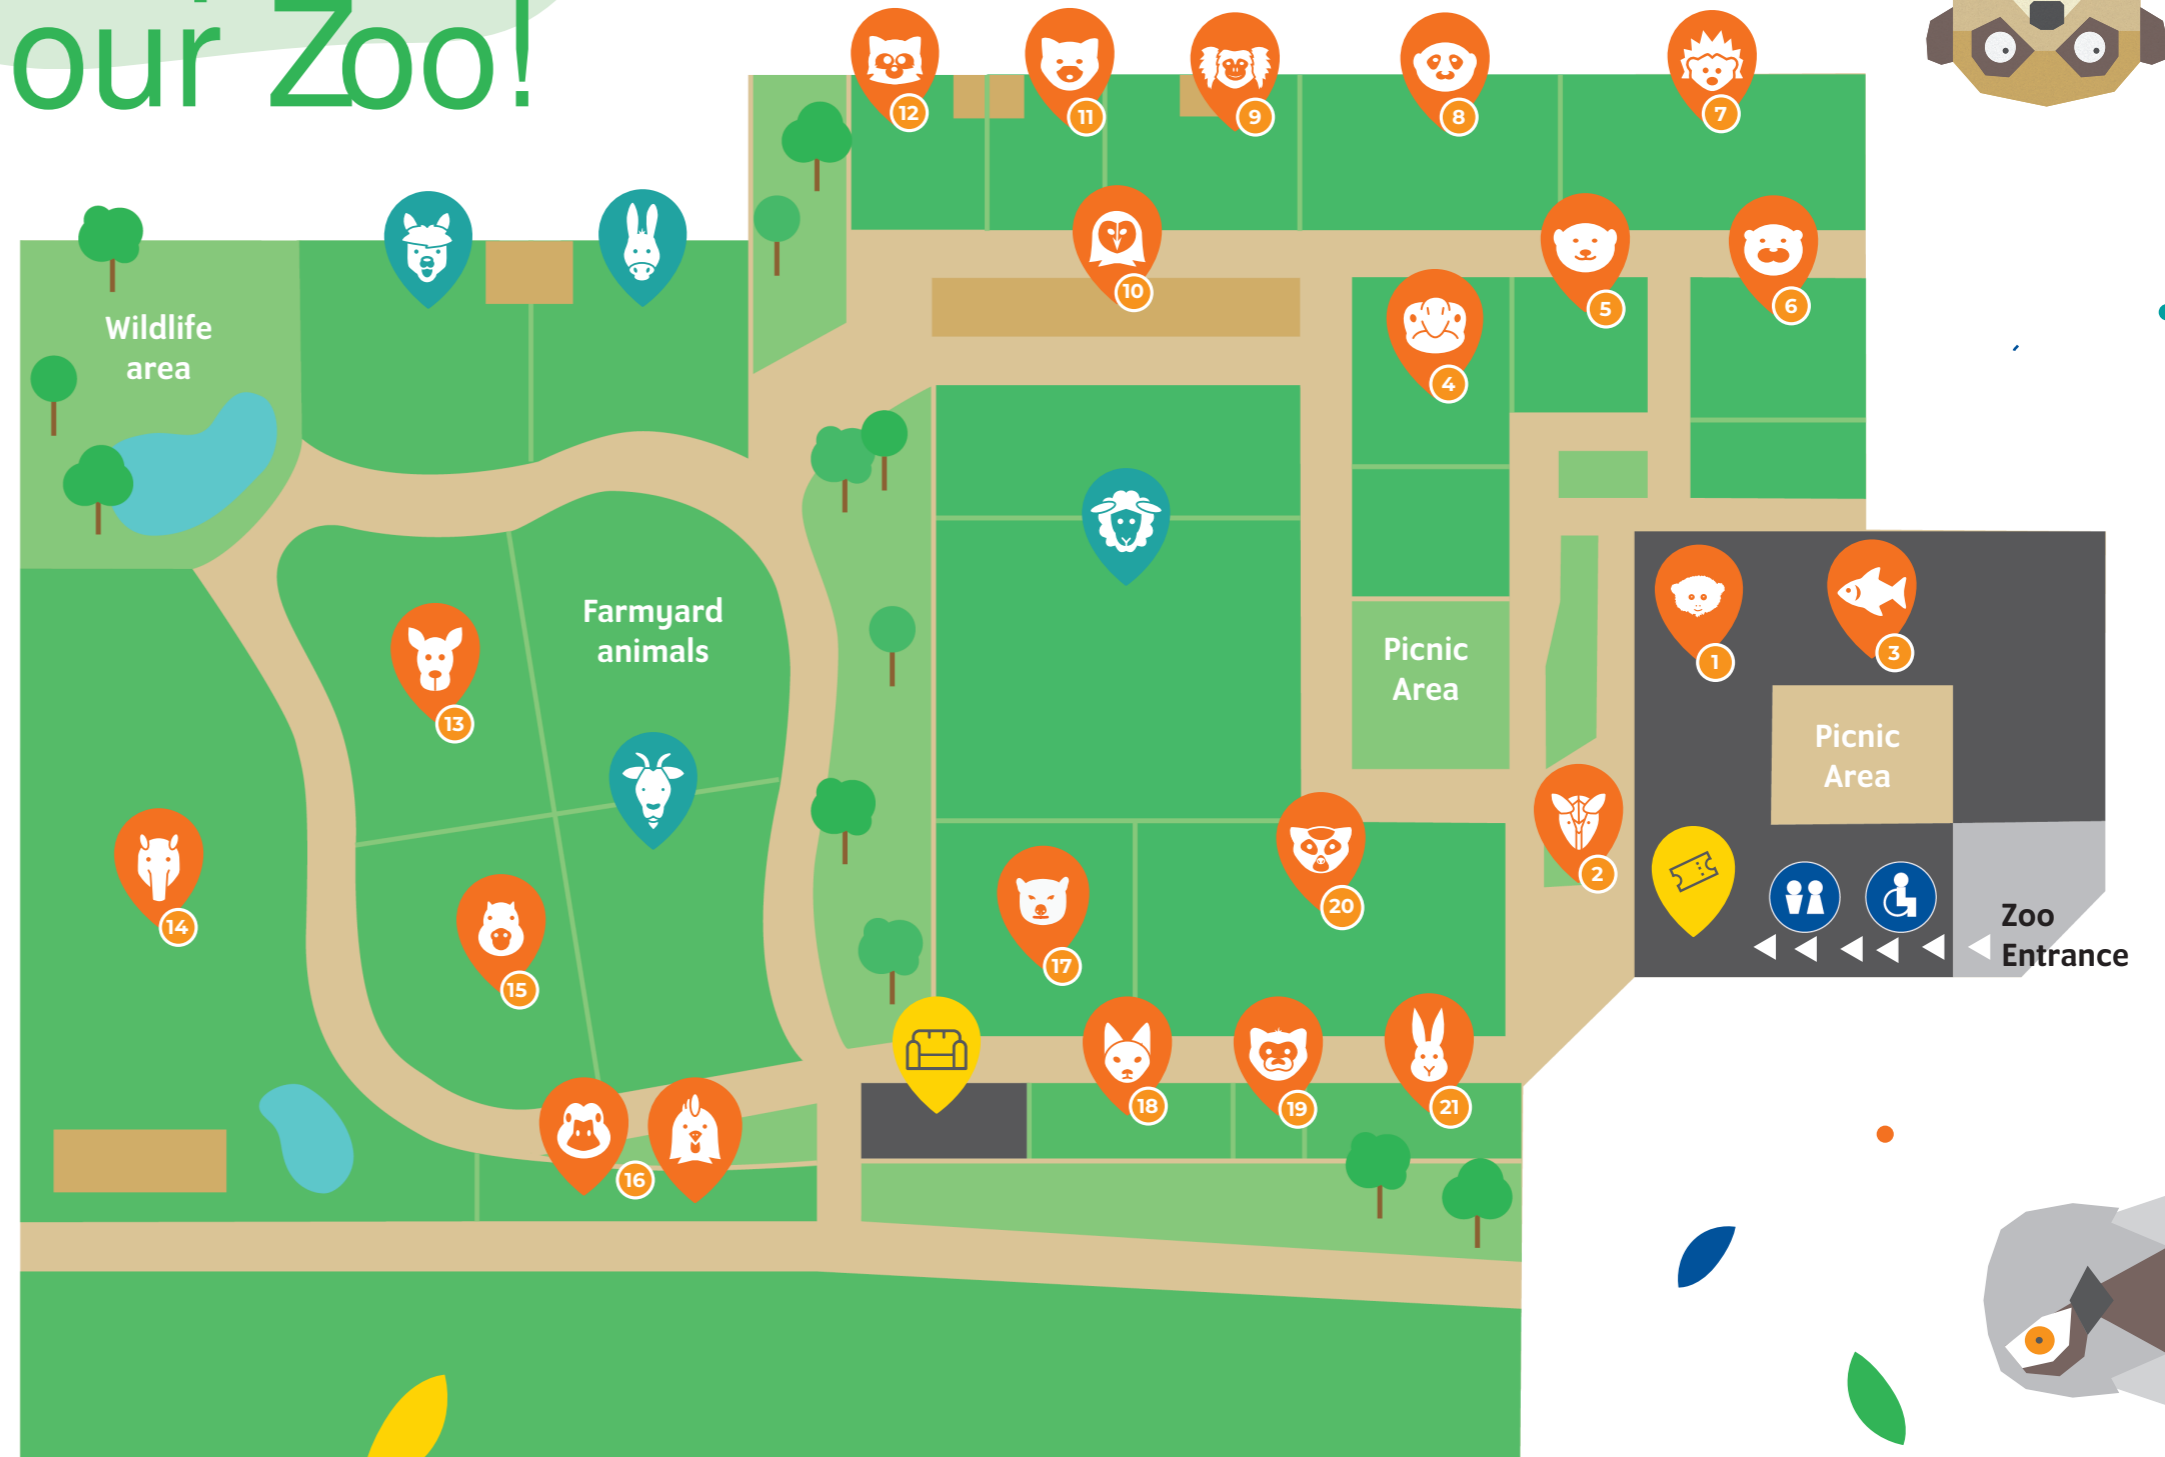

Some of the animals in our zoo are wild and can be sensitive. You are a guest in their home, so please do not tap on the glass, throw anything into exhibits, cross barriers or make excessive noise.

Please note: some animals may not be on exhibit the day of your visit. They have indoor/outdoor access. Not all animals at the zoo are shown on the map.

 First aid is located at the main reception.

 Our zoo is a non-smoking site.
